

# Honey Bears Nursery Curriculum

Our curriculum aims to enhance the learning and development your child gains through the early year 's foundation stage curriculum to secure the foundations for lifelong learning and to work hand in hand with our nursery ethos which is ',Happy, Safe and Achieving'

## Our aims:

- We aim to create a home from home environment to give children the foundations to become respectful, caring citizens
- We aim to provide a language rich environment with lots of positive interactions, and for children to be shown and read a variety of stories for them to have a lifelong love of books.
- We aim for the children in our care to explore our local community and to teach them an awareness of the world around us.
- We aim to provide children with simple technology resources to be able to gain new skills and experiences.
- We aim to provide a variety of mathematical learning concepts for our future generation of mathematicians.
- We aim to provide provocations to extend children's learning and imagination to enable them to express their creative minds.
- We aim to encourage children to become independent and confident learners promoting self-help skills in everything we do to prepare them for the next stages of their lives, whether this is moving on to the next room within our setting or transitioning to school.

### Our Vision

Our vision at Honey Bears is to ensure each individual child and their family have a relationship of trust and respect with our setting.

Our visions are clear at Honey Bears Nursery:

- To support children, prepare for their future and become responsible citizens and to contribute effectively to society.
- To prepare children for their future and become responsible citizens and to contribute effectively to society.
- To understand and regulate their emotions and ways to manage feelings or what do to if they are unsure.

### Outcomes and success

Our focus is to achieve outcomes every day when it comes to children's learning and development, we do this by:

- Consistent observations to support your child's journey to achieve their next steps and reflection on each individual child's progress.
- Provide engaging resources and activities to support children's learning.
- ● In the moment planning to grasp the child's interests and use this as an opportunity of a teachable moment whether this be child or adult led.
- ● Embracing and celebrating different cultures and sharing this with the local communities.
- Celebrating achievement in a positive way.
- Following the development matters guidance to meet the individual needs of our children aged 0-5 to meet their developmental needs.
- Consistent reflection to fulfil learning potential by thriving on challenge and embracing change.
- We tailor in room activities and planning around each individual child and whether they learn better in the moment or by activities planned in advance.

### **Working in Partnership**

Working in partnership with others within the local community and other agencies is important to us at Honey Bears, by doing this we aim to:

- Be aware of the similarities and differences between ourselves and the world around us and embrace this.
- Have an involvement within the wider community and build memorable relationships within the wider community.
- Expand confidence and self esteem
- Encourage equality and fairness for all.
- Advance a greater understanding of the environment around us and how we can present to improving the world around us.
- Partnership with parents displayed in different ways such as access to detailed personal feedback for their child, use of tapestry to share images, developmental observations special moments and achievements., from both the setting and from home and building and maintaining strong and respectful relationships.

### **Promoting well-being and respect**

- Well-being and respect are one of our top priorities at Honey Bears, this is important to us and something we do daily by:
- Treating everyone as we wish to be treated.
- Ensuring our environment is inclusive for all.
- Promoting equality and British values and positive attitudes towards cultural and social diversity.

### **Our promise to you**

- Since 1991 Honey Bears has had children and their families at the heart of everything we do. We can promise a neutering experience for every child that walks through our doors. We do this by:
- Having clear policies and procedures which are up to date and are consistently used and understood by staff, parents, carers and children.
- Promoting our aims and values in a respectful open manner.
- All children are happy, safe and achieving!
